Dear Mrs. O'Meara,

I am writing to inform you of my intention to resign from my position as a paraprofessional at CES effective December 15, 2023.

While I absolutely love working with kids and feeling like I am making a positive impact on so many little lives, I simply can no longer stay in a demanding and stressful job that provides such little opportunity for financial growth [REDACTED]

[REDACTED] I have come to the realization that I need to look beyond the walls of CES to provide a brighter future for myself and my family, which is why I have made the very difficult decision to resign.

I will miss the wonderful staff members, many of whom have become great friends, and the children I have had the privilege of working with over the past seven years.

Thank you for the opportunity to be part of the CES family. Part of me will forever be a Caring Cardinal.

All the best,

Jodie LaRosa
